A FIVE-DAY CERTIFICATE COURSE ON:

// Training to be a Teacher

who can Design and Enable an Inclusive and Higher Education //

Why to join ?

If you have challenges in creating and designing successful training programs for diverse learners especially in training of trainers/teachers and candidates under skill development programme?

“Training to be a Teacher” course teaches you how to develop instructionally sound courses that elicit meaningful participation, provide challenging content and achieve the learning objectives for adult trainees, professionals, teacher trainees, participants of workshops, and candidates of skill development training programmes.

What you will learn ?

Given a training need of adult learners, “Training to be a Teacher” course participants will be able to:

- Build all their training and workshop on a strong instructional design
- Present your extraordinary training schedule and activities with confidence.
- Practice the key activities for training/workshop/activity planning, population and performance analysis, training design and material development.
- Return to work ready to start designing – there’s no risk of getting bogged down trying to adapt complex theories.
- Take home a comprehensive support manual packed with activities design and adaptation aids and reference packed materials that will help you succeed with future training and workshop design.
- Take advantage of free one training support to help you with your next training and workshop design.
- Take home a detailed support manual including access to online materials.

About Manovikas Institute for Higher Education (MIHE)

Manovikas is one of the paramount institution-spreading pan India and providing educational support to increase people’s independence for employment and offering encouragement to become productive members of the society. Presently, Manovikas offers about 38 educational programmes from basic education and vocational studies through postgraduate study, plus range of pre-university pathways to provide flexible entry opportunities for all including people with intellectual and developmental disabilities.

Manovikas programmes have received the highest recognition from All India Council for Technical education (AICTE), Rehabilitation Council of India(RCI), IGNOU, CBSE, NIOS and Skill India programme.

Manovikas supports to meet the demands of the 21st century global economy and India must have a broader range of knowledge, skills, and abilities than ever before. To realize the needs, a much higher percentage of innovative teachers, educators and educationist have to be skilled in designing and developing the various long term and short term training programmes, in order to compete in a global marketplace and to skill the productive citizens.

Who can join ?

This training course should be required anyone who designs training/workshops or runs training/workshops:

- Any subject matter expert who trains others
- Faculty working for Teachers’ training,
- Educators working for skill development,
- CRE and other Training programme developers,
- Faculty in schools for teachers’ empowerment,
- Counsellors working for students with special needs,
- Managers responsible for the creation of learning materials,
- Course designers and developers, with no formal, design experience, seeking a systematic approach to instructional design,
- Any trainer who wants to get higher ratings.

Great training starts with a great instructional design and learn from this course.
